ENEA Newsletter - May 2024

Dear member of the European NeuroEndocrine Association,
ENEA May 2024 Newsletter is live (<https://www.enea.org>)

We shall try to maintain this information regularly throughout the year and we are happy to receive your news for ENEA to be included.

Dear Members of the ENEA,

Dear Friends,

I am very happy to send you the latest news from our society. I hope to draw your attention to a few **important points**.

Congress. In September, our ENEA congress will be held in Seville (Spain) with the help of Raul Luque and Alfonso Soto chairs of the Local Organizing Committee. Seville is a very beautiful and attractive city. The scientific program proposed by the Program Organizing Committee chaired by Giovanna Mantovani and Juan Pedro Martinez-Barbera is fantastic. I think there is no reason for not attending this very promising event.. This will be a unique opportunity to meet and exchange knowledge and to renew friendship in a warm ambiance. I hope you will be able to

attend this important event for the neuroendocrinology community. Your active participation will be highly appreciated and we hope to receive a large number of abstracts. For the young members of the ENEA, the EYRC has prepared numerous dedicated events and they can benefit of many travel grants. So welcome to Seville.

Elections. Three new Officers positions of ENEA Executive Committee will be available. For interested people, please submit your candidature to ENEA secretariat no later than **JUNE 30**. Please do not forget that to be candidate but also to vote you must be a member of the ENEA and have payed your membership fee for 2024.

Rolf Gaillard Prize. All candidatures for this prestigious prize are to be submitted by **June 15** to ENEA secretariat.

I hope you enjoy reading this newsletter. I wish you a very happy summer holiday and look forward to seeing you again in Seville.

Albert Beckers,
ENEA President

ENEA 2023 workshop was a real gem for young neuroendocrinologists! They actively participated by sending 103 high-quality abstracts, we had 3 EYRC guided poster sessions, one EYRC oral communication session, and one EYRC symposium. Not to mention the EYRC networking event that had an impressive turnout this year!

We gladly awarded 20 travel grants and four prizes for the best clinical and basic

We gladly awarded 20 travel grants and four prizes for the best clinical and basic oral communications and posters! The winners of this year's edition were: Dr Cihan Atila from Switzerland, Dr Alexia Grasso from Italy, Dr Dario De Alcubierre from Italy, and Dr Mirela-Diana Ilie from France.

ENEA 2023 workshop was also the occasion to renew the EYRC-EYES collaboration. We were happy that Dr Antoan Stefan Sojat, the EYES co-chair, accepted to co-moderate the EYRC oral communication session with Dr Giampaolo Trivellin, the EYRC coordinator.

Young neuroendocrinologists, we hope you have enjoyed as much as we did the ENEA 2023 Workshop and that you will join us in Seville, Spain, for the **ENEA 2024 Congress!** Dr Antonio Fuentes-Fayos and Dr Mirela-Diana Ilie, are already preparing an exciting program!

In the meantime, keep an eye on our **EYRC Training Program on Youtube** (@eyrc5735), the workshop was the perfect occasion for us at EYRC to record a couple of interviews that will be online soon!

You can also follow us on social media: Twitter (@ENEA_Young), Facebook (Eyrce Enea), and Instagram (@eneayoung)!

Dr. Mirela-Diana Ilie, EYRC board member and ENEA ExCo representative

On behalf of the Local Organising Committee, it is a pleasure to welcome you to the **21st Congress of the European Neuroendocrine Association (ENEA 2024)**, which this year will be held in Spain and, specifically, in the capital of Andalusia, Seville.

We would also like to thank the ENEA Board of Directors for choosing Seville as the host city for this congress, as well as the Programme Organising Committee, chaired by Giovanna Mantovani and Juan Pedro Martínez-Barberá, for their hard work in putting together an attractive and innovative scientific programme that will address all the most relevant new developments in the field of neuroendocrinology and future developments in this speciality.

The venue for this meeting will be the Barceló Convention Center, a space with an exceptionally suitable design for holding congresses, located on the banks of the Guadalquivir River and just a few minutes away from all the historical sites.

We invite you to enjoy both the scientific content of the meeting and the wonders of

such a hospitable city as Seville, full of history and charm that we are sure you will thoroughly enjoy.

Seville swims between deep-rooted traditions and the awakening of a European and cosmopolitan city that welcomes all its visitors with open arms.

It is time to the call for the **Rolf Gaillard Prize 2024**.

According to the ENEA rules, this Prize should be awarded to an ENEA member that has made substantial advances in basic and/or clinical neuroendocrine research, showing outstanding lifetime contribution to the field of neuroendocrinology.

Past winners

2015: Günter K Stalla (Germany)
2016: Annamaria Colao (Italy)
2017: Albert Beckers (Belgium)
2018: Philippe Chanson (France)
2019: Susan Webb (Spain)
2020: Anna Spada (Italy)
2021: Jacques Drouin (Canada)
2022: Marta Korbonits (UK)
2023: Thierry Brue

The prize committee consists of the whole ENEA Executive Committee and the Vice-President of the Fondation pour la recherche en Endocrinologie, Diabétologie et Métabolisme.

et Metabolisme.

The awardee will receive a medal during a ceremony that will take place during the ENEA Congress in Seville on September 2024 and is under obligation to deliver a lecture during that event. The travel costs and congress registration of the awardee are covered by the Foundation. Further information can be found at the ENEA website (https://enea.org/?page_id=5166).

The ENEA Executive Committee members and the ENEA members are invited to nominate their leading-in-the-field peers to the Executive Committee. Applications (letter of presentation and CV) have to be sent via email to the ENEA standing office (then@endoscience.de) and to the ENEA secretary (alexandrakik@gmail.com) **within 10 June 2023**.

Best regards

Albert Beckers
ENEA President

Krystallenia Alexandraki
ENEA Secretary

All the members of ENEA need to renew the membership **at the ENEA website**. To be able to vote is necessary to have the membership renewed.
